

## ¿POR QUÉ ELEGIRNOS?

### 1、Una larga historia

Como uno de los principales fabricantes con una larga historia en China, producimos uno de los carburadores más populares: el carburador HUAYANG, para toda una línea de herramientas de potencia al aire libre de gasolina, desde motosierras, sopladores, cortacéspedes, desbrozadoras hasta herramientas de construcción.

### 2、Una buena reputación

Nuestros clientes se concentran principalmente en los principales fabricantes de motosierras y desbrozadoras. Nuestros productos suelen ser instalados por ellos en modelos de alta calidad y se consideran una opción para mejorar el nivel general de las máquinas. Y esta percepción ha sido reconocida gradualmente por el mercado de repuestos en varios países y regiones del mundo, incluyendo China.

### 3、La búsqueda de la calidad y el rendimiento

Para algunas marcas con una buena reputación mundial, como Stihl, Husqvarna, Echo/Shindaiwa y Oleo-Mac, así como para las diversas herramientas agrícolas y de jardín portátiles de gasolina producidas por ellos, enfatizamos el estado de rendimiento y calidad de los carburadores que producimos una vez que se instalan en las herramientas de las marcas mencionadas, en lugar de simplemente entender que está bien siempre y cuando se puedan instalar y se hagan pruebas breves. Con este fin, hemos hecho todo lo posible para recopilar muchos modelos de las marcas mencionadas para garantizar que el rendimiento y la calidad de nuestros carburadores sean confiables una vez que salgan de fábrica.

### 4、Responsabilidad social

Enfatizamos las responsabilidades sociales que las empresas deben asumir, que abarcan aspectos como la protección del medio ambiente y el bienestar de los empleados al mismo tiempo. Durante el proceso de fabricación de los productos, hemos superado rigurosas evaluaciones de protección del medio ambiente y siempre hemos cumplido con las leyes y reglamentos laborales para proteger el bienestar y la salud física de nuestros empleados.

The graphic features a large, stylized 'H' shape in blue and orange. Inside the 'H', there is a cartoon illustration of two men in orange jumpsuits and hard hats, standing on a green patch of ground. They are surrounded by various outdoor power tools, including chainsaws, blowers, and trimmers. The background of the illustration is a bright yellow sun. To the left of the 'H', the word 'HUAYANG' is written in large, bold, orange letters. Below it, in Chinese, is '華陽品牌化油器' and '服務小型內燃機世界'. Further down, in English, it says 'Huayang carburetor, the key partner for small gasoline engines.' At the bottom left, there are five small icons of different types of engines. To the right of the 'H', the text 'Your Demand = Our Pursuit' is written in a cursive font. At the bottom of the 'H', the contact information 'WhatsApp: +8613918076585' and 'WeChat No: huayang-carburetor' is provided.

*Your Demand = Our Pursuit*

## WHY CHOOSE US?

### 1、A long history

As one leading manufacturer with a long history in China, we produce one of the most popular carburetor --- HUAYANG carburetor, for A Full Line Of Gasoline Outdoor Power Tools from Chainsaws, Blowers, Grass Trimmers, Brush-cutters, to Construction Tools.

### 2、A good reputation

Our customers are mainly concentrated among major manufacturers that produce chainsaws and brush cutters. Our products are usually installed by them in high-quality models and are regarded as an option to upgrade the overall grade of the machines. And this perception has gradually been recognized by the aftermarket in various countries and regions around the world, including China.

### 3、The pursuit of quality and performance

For some brands that enjoy a good reputation globally, such as Stihl, Husqvarna, Echo/Shindaiwa and Oleo-Mac, as well as various handheld gasoline-powered agricultural and garden tools produced by them, we emphasize the performance and quality status of the carburetors we produce after they are installed on the tools of the above brands, rather than simply understanding that it's okay as long as they can be installed and briefly tested. To this end, we have spared no effort to collect many models of the above brands to ensure that the performance and quality of our carburetors are reliable after leaving the factory.

### 4、Social responsibility

We emphasize the social responsibilities that enterprises should undertake, which involve aspects such as environmental protection and the well-being of employees at the same time. During the process of manufacturing products, we have passed strict environmental protection assessments and have always complied with labor laws and regulations to safeguard the welfare and physical health of our employees.
